## Wedding Rental Worksheet & Checklist

Congratulations on your engagement! We look forward to serving you during this exciting time! We have created this rental worksheet and checklist as a convenient tool you may use to plan for your wedding. This list shows just a portion of the items we have available. If there is something you are interested in and do not see it, please call! When you have completed your list, please contact us for a quote and to discuss further details. In order to help you plan appropriately, we will need to have an approximate guest count. You may wish to visit our full service showroom to make your final selections or you may simply use our interactive website. You will find pictures of each checklist item on our website to assist with your decision-making.

We hope to assist you in every way possible to ensure your planning is simple and simply perfect! In addition to having an in-house caterer and wait staff, we have also established relationships with several industry partners. We look forward to assisting you with many aspects of your planning by recommending professionals with whom we have worked and been pleased with. Our partners include a florist, a wedding cake designer and a full-service favor company.
